Welcome to Sacramento!

Please remember me for your real estate purchases and sales, but since I don't handle rentals, I have compiled this information for you.

Many individual landlords just put a sign in the front yard. So it is helpful to drive the areas in which you'd like to live. Rental agents don't drive clients around, as we do in real estate sales. So it will require a little legwork. Zip codes for the areas that are close in proximity to the 5 hospital area, are 95816, 95819, 95818. Also portions of 95817, the Elmhurst area, are near UC Davis Medical Center.

The following is a website and agent who handles rentals near the hospitals in East Sacramento, McKinley Park (95816, 95819), Midtown (95814, 95811), Land Park and Curtis Park areas (95818).

OTHER OPTIONS: You can search Google for "Rentals in Sacramento." Many sites will show up such as Realtor.com, Trulia and Zillow.

For newer high rise buildings located in Midtown, (Zipcode 95814, 95811) which is an old-fashioned area with lots of trees, restaurants and shops, the following are available:

Selby Ranch Townhomes

Slightly further out with easy freeway access, is Selby Ranch, Zipcode 95864.

This would take approximately 15 minutes by freeway to reach UC Davis Med Center. This area has easy access to the wonderful bucolic bike trail along the American River.
